

## CHAPTER – 2

### REPORTS OF PIO's AND ANALYSIS

The Annual Report focuses essentially on status of implementation of the Act by Public Authorities in accordance u/s 25(2) of the Act.

The data received from Public Authorities regarding RTI applications for 2013 have been compiled by this commission to be reported in the Annual Report of 2014 of the GSIC.

On the whole 50% of the Public Authorities in the category of Departments, Semi-Govt/Autonomous/Colleges and Institutes have submitted their annual returns as stipulated u/s 25(2) of the RTI Act during the reporting year 2014.

This commission in the present report has therefore, analysed performance of only 50 Public Authorities Department wise, 14 in Semi Govt/Autonomous bodies while 21 at College/Institution level who have submitted Annual Returns.

Various Category of Organisation/ Depts. submitting Annuals Returns			
Name of Public Authorities	No. of P.A. submitted Annual Returns	No. of P.A. submitted late Annual Returns	No. of P.A. Defaulters in submitted Annual Returns
Secretariat	0	0	0
Govt. Department	50	27	12
Semi-Govt./Autonomous Bodies	14	5	44
College/Institution	21	7	2

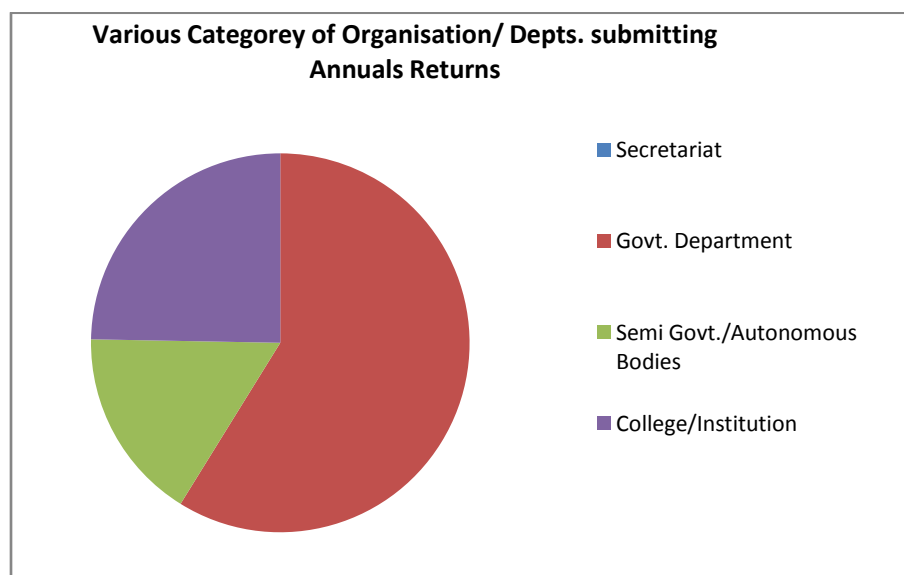

Table 2.1

The total number of RTI Applications received by these PIO's is 11,544. While the no. of request disposed by Public Authority is 10994. Thus 550 cases either rejected information or kept pending.

1.	No. of Annual Report submitted	50+14+21=85
2.	How many request have been Received	1914+9630= 11544
3.	How many request have been Disposed	1747+9247= 10994
4.	Total No. of P.I.O.s	40+176+21(Colleges)=237

Each and every department shows an increase in number of application every year and PIOs are working hard to dispose them within the time limit. This shows that citizens are aware of their Rights about RTI Act and use it to get maximum benefit of the Act.

However, the 1<sup>st</sup> and 2<sup>nd</sup> appeals from the RTI applicants may also continue to increase unless practices relating to record management, Proactive disclosure and effective dissemination of information on the website are put in place. The Heads of Departments who are also the Public Authorities have to note that fulfilling their obligation under section 4 of RTI Act greatly reduces the work of PIO/FAA and the Commission.

It is also evident that most of the PIOs are providing required information within prescribed time limit. Some of the PIO's are required to put more efforts, in the disposal of the application but generally speaking the request for information received and provided during the year 2013 has been quite satisfactory.

The Act contains a provision for filling first appeal with the designated Appellate Authority of the concerned Department so that applicants can get the desired information by approaching Head of Departments. Almost all public authorities have been designated as appellate authorities under the Act.

GSIC has observed that, there are Departments, which have adhered to the "Guidelines" for the submission of the Report. There are several Departments, who have not taken their Annual Report writing seriously. They did not submit their 'Annual Returns' for the reporting year 2013. Some of them have submitted their Annual Returns after issue of Reminder I, II, III (table no. 2.6). The Hon'ble CIC has called the Public Authorities for the meeting on 9<sup>th</sup> and 12<sup>th</sup> December 2014, to impress upon the need of timely submission of report. Public Authorities should make more effort for implementation of RTI Act, 2005 especially in regard to Sec. 4 of the RTI Act.

It is also possible that some Public Authorities/Autonomous bodies/Colleges/Institutions who have not received any application under RTI Act in a reporting year do not realize the necessity of filing report. It needs to be clearly emphasized that even 'nil' status has to be reported to ascertain the number of registered Public Authorities submitting their Annual Returns.

It is observed that increased effort are needed on the part of Public Authorities to ensure compliance of order by the CIC & SIC on the various appeals from time to time. Thus, and the compliance of FAA order, will reduce the number of penalty cases.

RTI is a excellent tool to promote transparency & accountability in the working of every Public Authority. Let us take this opportunity and do the best.

## **TABLE – 2.1**

The following tables give the breakup of application received by various public authorities in the State during the reporting year 2013.

<b>Sr. No.</b>	<b>Status of Public Authorities received RTI Applications</b>	<b>No. of Department</b>
1.	No. of Public Authorities which received more than 1000 RTI Applications	3
2.	No. of Public Authorities which received more than 500-1000 RTI Applications	1
3.	No. of Public Authorities which received more than 100-500 RTI Applications	11
4.	No. of Public Authorities which received more than 50-100 RTI Applications	10
5.	No. of Public Authorities which received more than 25-50 RTI Applications	10
6.	No. of Public Authorities which received more than 25 RTI Applications	14

### **Highest No. of RTI Application received**

Mamlatdar Bardez .....	1265
Dy. Collector North Goa .....	430
Dy. Town Planner, Margao .....	344
Ex. Engineer Div.-VI .....	215
