ORDER (Open Court)

This together disposes Complaint 42/SIC/2012 and Complaint 43/SIC/2012 both filed by same applicant against the same PIO on the ground that information asked by RTI applications dated 19/09/2011 were not given. The PIO, though aware of hearing, has remained absent. Also though he gave interim reply on 22/10/2011, asking time, has finally not given information. PIO is directed to furnish information within a month from getting this order. This closes the two Complaints in themselves. PIO to file compliance report.

Further, Registry to issue notice against PIO under Section 20(1) why penalty should not be imposed as he seems to have deliberately avoided attending to this office and to supply information so far. He should file his statement in this office before the 20th August 2014, and also make available for inspection, the register in which he maintains list of RTI Sec (6) applications received in his office.

With above directions Penalty case to proceed.
