5. DISPOSAL OF APPLICATIONS BY PIOs (DEPARTMENT WISE)	
6. DISPOSAL OF I APPEALS DEPARTMENT WISE	

## **PART I**

### **CHAPTER I**

#### **INTRODUCTION**

**1.1** The Right to Information Act enacted by the Parliament was assented to by the President of India on 15/6/2006. It was published in the Gazette of India extraordinary part II section 1 dated 21/6/2005. The Act extends to the whole of India except the State of Jammu and Kashmir. As per sub-section (3) of section 1 of the Act the provisions of sub section (1) of section 4, sub-section (1) & (2) of section 5, section 12, 13, 15, 16, 24, 27 and 28 came into force at once and the remaining provisions of the Act came into force on the one hundred and twentieth day of its enactment.

**1.2** **OBJECTIVE OF THE ACT:-**

The main objective of the Act is to provide for setting out a practical regime of the Right to Information for the citizens to secure access to information under the control of Public Authority, in order to promote transparency, accountability in the functioning of every Public Authority and also to contain corruption.

**1.3** **GOA RIGHT TO INFORMATION ACT, 1997:-**

The State of Goa had also enacted the Right to Information Act in the year 1997. However, the scope of the said Act was limited in the sense that the information could be sought only to subserve the public purpose. Whereas in the RTI Act, no reasons are need to be given for seeking information.

### **CHAPTER II**

**2.1** **CONSTITUTION OF STATE INFORMATION COMMISSION:-**

In pursuance of the provisions of section 15 of the Act, the Government of Goa constituted Goa information Commission consisting of State Chief Information Commissioner and one State Information Commissioner vide notification dated 2<sup>nd</sup> March, 2006.

**2.2** **APPOINTMENT OF STATE CHIEF INFORMATION COMMISSIONER AND STATE INFORMATION COMMISSIONER:-**

The Government appointed Shri A. Venkataratnam, IAS (Retd.) as Chief Information Commissioner vide order dated 27/2/2006 and Shri G. G.

Kambli, Retired, Goa Civil Services Selection Grade Officer as State Information Commissioner vide order dated 27/2/2006.

- 2.3** Both Shri A. Venkataratnam, Chief Information Commissioner and Shri G. G. Kambli, State Information Commissioner took oath of their Offices on 21/3/2006, before the Chief Secretary though in almost all the Information Commissions of other States, the oath was taken by the Chief Information Commissioner and State Information Commissioners before the Governors of the respective States and the Central Chief Information Commissioner and Central Commissioners took the oath before the President of India. This is because the Goa Government decided to take advantage of Section 15(3) of the Act seeking the appointment of “some other person” (Chief Secretary) for this purpose by the Governor.
- 2.4** The terms and conditions of service of the Chief Information Commissioner and Information Commissioner are laid down under Section 16 of the Right to Information Act, 2005 (RTI Act). The Chief Information Commissioner enjoys the salary and perquisites of a Central Election Commissioner, who in turn, enjoys the salary and perquisites of a Supreme Court Judge. These are laid down in Supreme Court Judges (Salaries and condition of service) Act, 1958 as amended from time to time. The Information Commissioner enjoys the status, salary and perquisites of the Chief Secretary of the State Government. In spite of the statutory provisions, both the Chief Information Commissioner and Information Commissioner had faced considerable difficulty in claiming what is legally due to them. After repeated correspondence, including letters to the Hon’ble Chief Minister, finally, the terms and conditions are issued by an order of the Information Department on 8/5/2007, a good fourteen months after the appointment of the Commissioners.

#### **OFFICE ACCOMMODATION**

- 2.5** Though the Commission was constituted and both the Chief Commissioner and Information Commissioner have taken their oath in March, 2006, no Office Accommodation was provided to the Commission till June, 2006. However, the Commission started getting the complaints/Appeals and therefore, in order not to cause any hardship to the citizens at the initial stage the Commission started taking up the cases at the residence of the Chief Information Commissioner. Thereafter 2 shops on the ground floor of Shrama Shakti Bhavan, both admeasuring 78.29 sq. mts., were allotted to the Commission of which the Commission took the possession on 8/6/2006 although the premises were inadequate and lacking even basic amenities.

**2.6** These premises were allotted to the Commission temporarily. The Commission by its note dated 31/3/2006 had requested the Government to allot the premises at Shrama Shakti Bhavan occupied by the Law Department after its vacation. The Law Department vacated the premises at Shrama Shakti Bhavan, somewhere, in the month of November, 2006 and the Commission was expecting that the premises vacated by the Law Department would be given to the Commission which was not allotted to it (June, 2007). The Chief Information Commissioner by his letter dated 17/4/2006 indicated the requirement of 300 sq. mts. of area as against which the Commission is functioning in a small premises of 78.29 sq. mts. The situation becomes unmanageable on the days of the hearings as the advocates and the officers and the Heads of Departments who attend the hearings have to practically stand in the verandah for want of adequate space. The Commission is taking up the hearings in a small room of Chief Information Commissioner where only 4 to 5 chairs can be accommodated and the remaining persons have to stand, as they would like to observe the hearings. Minimum 5 persons attend for each case such as Public Information Officer, first Appellate Authority and their advocates and Appellant and his advocate. However, the Commission is not in a position to make their seating arrangements in the room of the Chief Information Commissioner. Practically, the advocates and the officers are standing in the varandah. This resulted in adverse publicity to the Government in the local press.

**2.7** The Commission has located a premises belonging to Goa State Co-operative Bank at Patto, Panaji and requested the Public Works Department to assess the reasonability of rent. However, the Commission continues to function in the said 2 shops. The report from the Public Works Department is still awaited (April, 2007). The reasons for not allotting the premises vacated by the Law Department at Shrama Shakti Bhavan are not known. As a result of which, the Commission continues to function in a congested place where 2-3 employees of the Commission have to utilize only one table affecting the work of the Commission. Allowing the advocates as well as the officers of the Government Departments to stand in a varandah causes embarrassment to the Commission as the Commission is not in a position to provide them even seating arrangements. It is, therefore, necessary that the adequate premises are required to be provided to the Commission on priority basis to overcome the difficulties and hardships faced by the Commission as well as by the advocates and officials attending the hearings.

### **Emblem of the Commission**

**2.8** The Goa Information Commission being an autonomous organization decided to adopt its own emblem. Accordingly, an emblem was chosen. It consists of a record of Public Authority kept open in two palms. This signifies that the Goa Information Commission acts like a facilitator to the citizens in accessing the information. To convey the meaning that both the “notings” and the correspondence are available to the citizens, the record is kept open. It also conveys the transparency of information which is kept open rather than hidden as earlier. The palms holding the record is borrowed from the emblem of the Goa Government. The symbol between the pages denotes the spread of information to the citizens. The emblem further contains the name of the Goa Information Commission in the Roman script and words “**भूचना जनाधिकार**”. This means that the information is the right of the people in Sanskrit language.

### **Officers and staff of the Commission**

**2.9** In terms of Section 16(6) of the RTI Act, the State Government has to provide the State Chief Information Commissioner and the Information Commissioner such officers and the employees as may be necessary for the efficient performance of their functions under the Act and the salary and allowances payable to, and the terms and conditions of service of the officers and other employees appointed for the purpose of the Act, shall be such as may be prescribed. Hence, in terms of these provisions the Government has to make available the officers and other employees to the Commissioners and to the Commission. The adequacy of number, the type of posts have to be determined by the Commission and not the Government. The Government has been empowered only to prescribe the Rules as regards salary, allowances and other terms and conditions of service. However, under the guise of these powers, the service conditions are prescribed in such a way that all the employees are to be taken on deputation/transfer from the Department of Information and Publicity and the Director of Information and Publicity becomes the appointing authority for the employees of the Commission which is totally against the letter and spirit of the provisions of the Act. The Under Secretary and the Secretary are civil service officers whose service conditions are controlled by the Personnel Department.

**2.10** Though the Commission has sought the creation of nine additional posts, so far no staff has been provided to the Commissioners. Both the Commissioners are working without their personal staff such as Private Secretary, Personal Assistants.

- 2.11** The Commission consists of Chief Information Commissioner and Information Commissioner assisted by Secretary who is from the Goa Civil Service, Senior Scale and Under Secretary from the Goa Civil Service, Junior Scale (both Group 'A' posts). However, for the entire Commission only one post of Jr. Stenographer has been sanctioned and practically no post has been created for the Chief Information Commissioner, Information Commissioner and Secretary to the Commission because the only post of Jr. Stenographer has to be attached to the Under Secretary-cum-Registrar.
- 2.12** The Chief Information Commissioner who is of the status of Election Commissioner of India, the Information Commissioner who is of the status of Chief Secretary and the Secretary to the Commission being in the Senior scale (the present Secretary is of the selection grade of Goa Civil Service), ought to have been provided services of one Stenographer Grade I each. The Commission fails to understand what was the rationale behind creating only one post of Jr. Stenographer for the entire Commission. The proposal of the Commission for creating additional nine posts is not yet approved by the Government (June, 2007).
- 2.13** Initially, when the Commission was constituted, the services of one Information Officer as Under Secretary and one Information Assistant as Section Officer and one Peon were placed at the disposal of the Commission but the Section Officer never joined the Commission. They were asked to report to the nodal officer of the Commission when infact there was no order appointing Director of Information and Publicity as a nodal officer. As the premises were not allotted, the Under Secretary and Peon started functioning from the office of the Directorate of Information and Publicity. Neither a clerical Assistant nor any Stenographer was provided to the Commission. No computer or typewriter was provided to the Commission. In the absence of such assistance, Chief Information Commissioner himself typed the first order on his own computer. Similarly, the Information Commissioner also got his notes typed from his own computers and the other work of typing notices etc. was got done from the outside agencies.
- 2.14** The Commission also had to engage the services of a private Stenographer for a short period. Till today both the Chief Information Commissioner and Information Commissioner are relying upon a trainee Stenographer provided by the Department of Personnel from PETS (a Government Training Scheme). The main work of the Chief Information Commissioner and the Information Commissioner involves dictation of judgments and orders immediately after hearing the cases and therefore,

both the Commissioners need the services of good Stenographers. The Commissioners cannot also entrust this work to the private Stenographers as no accountability can be fixed in case the judgment and orders are leaked out before their announcement. The Section Officer posted by the Director of Information and Publicity initially never reported for duty and no action was taken by the Director of Information and Publicity against the said official.

- 2.15** The Commission, right from the beginning, insisted that the posts created for the Commission be filled up on deputation basis for a period of one year from amongst the Government Departments by inviting applications from the interested employees but as the action taken by the Director of Information and Publicity, was not known to the Commission, the Commission issued a circular dated 9/11/2006 to all the Heads of Departments/Offices requesting them to circulate the vacancies of Group 'C' and 'D' employees and forward the applications of the interested employees to the Commission. Interestingly, the Director of Information and Publicity immediately within 5 days from the date of the issue of the said circular by the Commission issued an order dated 16/11/2006 deputing seven employees from his Department to the Commission. The Commission did not accept those employees since the Commission had already circulated the vacancies, the consent of the Commission was not obtained and for other reasons and informed the Director on 17/11/2006.
- 2.16** The Director of Information and Publicity again wrote a letter dated 13/12/2006 and requested the Secretary of the Commission to accept the employees deputed by him. Thereafter, one Jr. Stenographer was posted on deputation basis by the Director of Information and Publicity vide order dated January 7, 2007. Before issuing these orders, the Chief Information Commissioner has not at all been consulted. In fact, in terms of sub-section (4) of Section 15 of the RTI Act, general superintendence, directions and management of the affairs of the Commission vests in the State Chief Information Commissioner who shall be assisted by the Information Commissioner and those powers are to be exercised or done by the State Information Commission autonomously without being subjected to any directions by any other authority under the RTI Act. On the contrary, the control over the staff deputed to the Commission vests with the Director of Information and Publicity, he being the appointing authority and therefore, the deputation of staff by the Director of Information and Publicity directly even without consulting the Chief Information Commissioner is in total violation and in contravention of the

provisions of section 15(4) of the Act, striking at the very root of autonomy envisaged therein.

- 2.17** Thereafter an order dated 21/2/2007 was issued by the Principal Chief Engineer, Public Works Department deputing Smt. Aparna G. Kenaudekar, APO of his Department to the post of Section Officer of the Commission as per the letter dated 19/1/2007 of the Director of Information and Publicity for a period of one year who reported for her duties on 1<sup>st</sup> March, 2007. This appointment of the Section Officer is in total violation and in contravention of the provision of Rule 5(3) of the Goa State Information Commission (Salaries, allowances, terms and conditions of service of officers and other employees) Rules, 2006 as Group 'C' and 'D' employees of the Commission could be appointed on deputation or transfer only from the Directorate of Information and Publicity. The Rules themselves, are ultra vires of Section 15(4) of the Act as they impose the staff on the Commission unilaterally by Government. In fact, when the vacancy of Section Officer was circulated by the Commission, the Commission has received two applications from well qualified officials possessing degree in law as well as Post Graduate degree in law. The Commission could not select one of these two officials who responded to the Circular, because of the Rules framed by the Government.
- 2.18** The service conditions framed by the Government are also defective in as much as no grade is specified for appointing the officials on deputation basis. Generally, the persons holding analogous posts are deputed whereas in the present case even a L.D.C. can be posted as Section Officer as no grade is specified in the Rules. The Rules needs immediate changes, as per the draft Rules suggested by the Commission way back in July, 2006.

### **Secretary**

- 2.19** The Commission insisted the appointment of a Secretary to the Commission vide its note dated 31/3/2006 and followed by several reminders. The Commission has to function without its Secretary till the Government appointed Shri Elvis Gomes, Goa Civil Service Senior Scale officer nine months after the constitution of the Commission to hold the additional charge of the Secretary in addition to his main post of Chief Officer, Mormugao Municipal Council vide order dated 24/11/2006. Immediately, thereafter the Government vide order dated 12/12/2006 posted Shri P. S. Meena, Goa Civil Service Selection Grade Officer as Secretary to the Commission who was relieved from his earlier duties only on 19/2/2007 and joined this Commission on 20/2/2007. Thus, there was

no full time Secretary till 20/2/2007 and even a part time Secretary till 24/11/2006.

### **Under Secretary**

- 2.20** Shri V. V. Sawant functioned as Under Secretary to the Commission for the entire period under report.

### **Delegation of powers to the Secretary**

- 2.21** Right from the inception, the Commission requested the Government to declare the Secretary of the Commission as a Head of the Department for the purpose of the Goa Delegation of Financial Power Rules, 1997. In spite of the sending the reminders from time to time, so far no order has been issued declaring the Secretary of the Commission as a Head of the Department under the Goa Delegation of Financial Power Rules, 1997. However, powers of the Secretary to the Government are re-delegated to the Secretary of the Commission under Rule 12(2) of the Goa Delegation of Financial Power Rules, 1997 for incurring expenditure under budget heads allotted to the Commission. Such powers can be re-delegated to officials who are already declared Heads of Departments. Subsequently, the Director of Information and Publicity issued an order dated 16/01/2007 declaring the Secretary of this Commission as a drawing and disbursing officer of the Commission. It is not understood under which powers the Director of Information and Publicity has appointed the Secretary of this Commission as drawing and disbursing officer. Generally, only a subordinate gazetted officer is appointed as a DDO by the Head of Office under Rule 142 of Central Treasury Rules. By issuing the order dated January 16, 2007, the Director of Information and Publicity has treated the Secretary to the Commission as his subordinate and the Director of Information and Publicity as the Head of the Office/Department of the Secretary to the Commission. This is irregular in the opinion of the Commission.

### **Funds**

- 2.22** The Commission was set up on 02/03/2006. However, no funds were made available to the Commission. Initially, an amount of Rs.8.00 lakhs was sanctioned to the Commission from the Contingency fund vide order dated 16/06/2006. However, the said amount was placed at the disposal of the Director of Information and Publicity who continued to operate the same. Right from the beginning, the Commission has been made totally dependent for its requirements of funds and office stationary on the

Director of Information and Publicity. Subsequently, budget was passed on 31/7/2006 and an amount of Rs.24.00 lakhs was provided to the Commission. Nevertheless, the Director of Information and Publicity continued to operate the said budget even though the Commission has written a number of times to appoint a Secretary and declare him as Head of the Department and budget controlling authority.

**2.23** The amount of Rs.24.00 lakhs were provided for incurring expenditure on Salaries, Office Expenses and Other Charges. Therefore, expenditure could be incurred only on these 3 items. The Commission right from the beginning requested the Government to open various minor Budget Heads for the Commission. The Commission also took up the matter with the Finance (Budget) Department vide its letter dated 21/8/2006 for opening of new minor heads within the allotted funds so that the Commission can incur expenditure on other items too. However, no action was taken for opening of such minor heads nor lumpsum grant was given to it, as a result of which number of bills including T.A. bills remained unsettled for want of Budget provision for a number of months.

**2.24** Even though a separate Budget Head was opened for the Commission, the Director of Information and Publicity continued to operate the same till December, 2006 as these funds were not placed at the disposal of the Commission. The Director of Information and Publicity also started spending the money under this Budget Head as per his choice and he has made expenditure on several items. Some of the bills were not even settled by the Director of Information and Publicity though he was controlling the budget of the Commission till December, 2006. The Director of Information and Publicity has incurred the expenditure as indicated below: -

		Rs. In lakhs
Salaries	--	6.67
Office Expenses	--	1.03
Other Charges	--	1.04
		8.74

**2.25** Besides, the Director of Information and Publicity has also made the purchases but did not settle the bills and when the powers were re-delegated to the Secretary, all the pending bills were referred to the Commission for settlement. The details are as follows: -

Sr. No.	Item	Qty.	Cost per item	Total Amount
1.	Visitor's Chair	8	3500	28000
2.	Sliding Door Cabinet	3	7180	21540
3.	Steel Cupboard HE303	3	4950	14850
4.	Computer/Office Table	2	5625	11250
5.	Officer's Desk	1	4500	4500
6.	Staff Desk HE 101	2	3100	6200
7.	Office Chair HE 203	4	850	3400
Service Charges				897
Add 12.5% Vat				11330
Total				101967

Sr. No.	Item	Qty.	Cost per item	Total Amount
1.	Chairs with Cushions	4	2600	10400
2.	Desk Table	2	3100	6200
3.	Computer Table	1	3800	3800
4.	Computer Chair	1	2700	2700
5.	Chair Cane Seat & Back	8	850	6800
Service Charges				299
Add 12.5% Vat				3775
Total				33974

**2.26** Thereafter, an order dated December 13, 2006 was issued by the Director of Information and Publicity allotting the funds as follows: -

01 – Salaries	--	Rs.12.33 lakhs
07 – Office Expenses	--	Rs.1.97 lakhs
22 – Other Charges	--	Rs.0.96 lakhs
		Rs.15.26 lakhs

**2.27** The Director of Information and Publicity has issued an order of re-appropriation re-appropriating an amount of Rs.1.5 lakhs from "05 – Travel Expenses" to non-existing minor heads and therefore, the Director of Accounts did not accept the said order. The Commission presumes that this re-appropriation order was issued by the Director of Information and Publicity even without a budget head, only to misguide the superiors stating that the funds are made available to the Commission by way of re-appropriation. Since the said order was not accepted the traveling expenses bills of the Commissioners were not settled and they were settled only in the month of April, 2007.

**2.28** Even though a separate Budget Head has been provided to the Commission and powers of the Secretary to the Government have been re-delegated to the Secretary of the Commission, the Director of Information and Publicity continued to be in control over the budget of the Commission as it is evident from the order dated March 21, 2007 issued by the Director of Information and Publicity re-appropriating certain funds. The Commission could not utilize the full allocation of the funds firstly because the funds were not placed at the disposal of the Commission in the beginning and they were operated by the Director of Information and Publicity, Secretary to the Commission has not been declared as the Head of the Department and powers of the re-appropriation of the funds are not conferred on the Secretary. The services of part time Accountant was provided to the Commission w.e.f. 3/01/2007 who reports only two days in a week.

**2.29** While issuing the re-appropriation order, the Director of Information and Publicity has also quoted the wrong number of Finance Budget Department as entry No. 1058 dated 2/09/2007 whereas the order is dated March 21, 2007. Thus, it is evident that the Director of Information and Publicity continues to exercise the control over the budgetary provision provided to the Commission and control over the Secretary to the Commission which is not a healthy practice. In fact, the Commission has absolutely no autonomy at all either in administration matters or in finance matters as the recruitment and the appointment of its staff and the financial matters are controlled by the Director of Information and Publicity making a mockery of Section 15(4) of the RTI Act.

**2.30** The total expenditure incurred by the Commission on the 3 Budget Heads for the period under report is as follows :-

		(In lakhs)
01 – Salaries	--	Rs.7.83
07 – Office Expenses	--	Rs.6.47
22 – Other Charges	--	Rs.0.80
		Rs.15.10

In addition, an amount of Rs.15.51 lakhs was spent initially drawing advance for contingency fund, and recouping it thereafter booking the expenditure to Head of Account 54 – Motor Vehicles, controlled by Director of Information and Publicity. Thus, the total expenditure during the financial year 2006-07 is Rs.30.61 lakhs only.

**2.31** During the next financial year 2007-08, an amount of Rs.80.00 lakhs has been provided to the Information Commission.

### **Furniture, stationery and other items**

**2.32** The Commission started functioning from the two shops allotted at Ground Floor of Shrama Shakti Bhavan w.e.f. 8<sup>th</sup> June, 2006. However, the Commission could not effectively carry out its functions and duties since no computer/typewriter was provided. The worst thing is that even postage was not made available to the Commission till 28/7/2006. It is only on the intervention of Shri Diwan Chand, IAS, Special Secretary (Information and Publicity), the postage was made available and Shri Diwan Chand was also kind enough to spare one computer from the General Administration Department. Thus, from the beginning, the Commission was made totally dependent on the Director of Information and Publicity for all its requirements. The Commission does not know whether it is by design or otherwise.

### **Vehicles**

**2.33** The General Administration Department, Secretariat was kind enough to provide chauffer driven vehicles to the Chief Information Commissioner and the Information Commissioner for a period of one year. The Commission purchased new vehicles for both the Commissioners as well as for the Secretary in March, 2007.

### **General**

**2.34** The Commission in its first note dated 31/3/2006 requested the Director of Information and Publicity to take steps on various matters such as office accommodation, appointment of Secretary, purchase of cars, opening of new budget heads of account, appointing Secretary as the Head of the Department and Budget Controlling Authority, provide personal staff to the Commissioners, adequate funds etc. This was followed by another note dated 27/4/2006 and also letters from Chief Information Commissioner. However, the Director of Information and Publicity did not take any steps in these matters. The Special Secretary (Information and Publicity) was kind enough to hold two meetings with the Commission on account of which some issues were settled. However, the major issues like accommodation, staff to the Commission etc. are still pending (June, 2007).

In spite of the above difficulties, not only the Commission heard the cases and disposed off all the matters in reasonable time but also put all the decisions on the website. The Commission's website is <http://goasic.gov.in>. Some of the important decisions taken by the Commission are placed at Annexure – I.

## CHAPTER III

### FUNCTIONS AND POWERS OF THE INFORMATION COMMISSION

#### 3.1 Complaints under section 18 of the RTI Act:-

The Information Commission is empowered to receive and inquire into a complaint from any person

- a) Who has been unable to submit a request to a public Information Officer either by reason that no such officer has been appointed under this Act, or because the Assistant Public Information Officer has refused to accept his or her application for information or appeal under the Act for forwarding the same to the Public Information Officer or Appellate Authority or the Information Commission, as the case may be;
- b) who has been refused access to any information requested under the Act;
- c) who has not been given a response to a request for information or access to information within the time limit specified under the Act;
- d) who has been required to pay an amount of fee which he or she considers unreasonable;
- e) who believes that he or she has been given incomplete, misleading or false information under the Act; and
- f) in respect of any other matter relating to requesting or obtaining access to records under the Act;

**3.2 Powers of the Civil Court:-** (i) While enquiring into the complaints, the Commission has been vested with same powers as are vested in Civil Court while trying a suit under the Code of Civil Procedure, 1908, in respect of the following matters, namely:-

- a) summoning and enforcing the attendance of persons and compel them to give oral or written evidence on oath and to produce the documents or things;
- b) requiring the discovery and inspection of documents;
- c) receiving evidence on affidavit,
- d) requisitioning any public record or copies thereof from any court or office;
- e) issuing summons for examination of witnesses or documents; and
- f) any other matter which may be prescribed.

(ii) The Commission may also during an inquiry of any complaint, examine any record to which the Act applies which is under the control of

the Public Authority, and no such record may be withheld from it on any grounds notwithstanding anything inconsistent contained in any other Act of Parliament or State Legislature.

**3.3 Powers of Appellate Authority:-** Under sub-section (3) of section 19 of the RTI Act, 2<sup>nd</sup> appeal lie against the decision of the First Appellate Authority to the Information Commission. The said appeal has to be filed and decided in accordance with the Goa State Information Commission (Appeals Procedure) Rules, 2006 and the decisions of the Commission are binding.

**3.4** In its decision, the Information Commission has the power to---

- a) require the public authority to take any such steps as may be necessary to secure compliance with the provisions of the Act, including \_\_\_
  - (i) by providing access to information, if so requested, in a particular form;
  - (ii) by appointing a Public Information Officer;
  - (iii) by publishing certain information or categories of information;
  - (iv) by making necessary changes to its practices in relation to the maintenance, management and destruction of record;
  - (v) by enhancing the provision of training on the right to information for its officials;
  - (vi) by providing it with an annual report in compliance with clause (b) of sub-section (1) of section 4;
- b) require the public authority to compensate the complainant for any loss or other detriment suffered;
- c) impose any of the penalties provided under the Act;
- d) reject the application.

**3.5 Disposal of Complaints by Commission: -** The Commission received 70 complaints and disposed off 53 complaints during the period under report. The details are shown in Annexure – II.

**3.6 Disposal of Appeals by Commission: -** The Commission received 102 appeals and disposed off 82 appeals during the period under report, the details of which are shown in Annexure - III. No complaint or appeal was pending for more than 3 months as on 31/03/2007.

**3.7 Imposition of Penalty: -** Sub-section (1) of Section 20 of the RTI Act empowers the Commission, while deciding any complaint or appeal to impose a penalty of Rs.250/- per day delay subject to the maximum of Rs.25,000/- if the Information Commission is of the opinion that the Public Information Officer has, without any reasonable cause, refused to receive

an application for information or has not furnished the information within the time specified or malafidely denied the request for information or knowingly given incorrect, incomplete or misleading information or destroyed information which was the subject matter of the request or obstructed in any manner in furnishing the information. However, before imposing the penalty the Commission has to afford a reasonable opportunity of being heard to the erring Public Information Officer.

**3.8** During the period under report, the Commission has imposed the penalties in 7 cases against 7 PIOs in 4 complaints and 3 appeals totaling to Rs.26,750/-. The names and designations of the PIOs and amount of penalty imposed are shown in the Annexure – IV(i).

**3.9 Compensation:** - The Commission is also empowered under clause (b) of sub-section (8) of Section 19 of the Act to require the Public Authority to compensate the Complainant for any loss or other detriment suffered by the Complainant. During the period under report, the Commission awarded the compensation in 13 cases to the applicants totaling to Rs.19,300/-. The details of the Public Authorities which were asked to pay the compensation are shown in Annexure IV(ii). In 3 cases, the decision of the Commission have been challenged before Hon'ble High Court Judicature at Bombay, Panaji Bench and in 2 cases the Hon'ble High Court has granted interim relief in favour of the Petitioners.

**3.10 Disciplinary proceedings:** - While deciding any complaint or appeal, if the Information Commission is of the opinion that the Public Information Officer has without any reasonable cause and persistently failed to receive any application for information or has not furnished information within the specified time or malafidely denied the request for information or knowingly given incorrect, incomplete or misleading information or destroyed information which was the subject matter of the request or obstructed in any manner in furnishing the information, the Commission can recommend disciplinary action against the PIO. In 2 cases, the Commission recommended disciplinary action against Shri Menino Peres, Director of Information and Publicity for furnishing false, incomplete and incorrect information to the Commission, for filing a false affidavit, disobeying the orders of the Commission and for contravening the provisions of the RTI Act vide order dated 30/03/2007 in Complaint No. 01/2006 and order dated 08/11/2006 in Complaint No. 29/2006.

The Commission has also directed in its order dated 15/12/2006 to the Principal Chief Engineer in complaint No. 38/2006 to hold an inquiry into the matter of providing the false information and take appropriate

action against erring officer. In complaint No. 7/2006, the Commission directed the Director of Panchayats to hold an inquiry into the missing original minutes books of the Village Panchayat Calangute which is stated to have been not available.

## **CHAPTER IV**

### **Monitoring and Reporting**

- 4.1** In terms of sub-section (1) of Section 28 of the RTI Act, the Information Commission has to prepare a report after the end of each year on the implementation of the provisions of the RTI Act and forward a copy thereof to the State Government which has to be laid before the State Legislature.
- 4.2** Each Ministry or Department in relation to the Public Authorities within their jurisdiction is required to collect and provide the information to the Commission which is required for the preparation of report by the Commission. For this year, the Commission requested all public authorities to submit a consolidated information in respect of all the Public Information Officers under their control. While majority of Public Authorities have submitted the information, which is tabulated hereafter, a number of them, including a big department like Police Department did not submit the information on time leading to reporting incomplete information in respect of the PIOs. Even where the information is submitted by the departments like Education, Higher Education and Technical Education, it does not include the information of all the PIOs under their control like colleges, high schools and aided institutions.

## **CHAPTER V**

### **POWERS AND OBLIGATIONS OF THE STATE GOVERNMENT**

- 5.1** Section 26 of the RTI Act lays down the various steps which need to be taken by the State Government for the implementation of the RTI Act. These include: -
- (a) develop and organize educational programmes to advance the understanding of the public, in particular of disadvantaged communities as to how to exercise the rights contemplated under this Act;
  - (b) encourage public authorities to participate in the development and organization of programmes referred to in clause (a) and to undertake such programmes themselves;
  - (c) promote timely and effective dissemination of accurate information by public authorities about their activities; and

- (d) train Public Information Officers and produce relevant training materials for use by the public authorities themselves.

**5.2** In addition to the above, the State Government has to compile in its official language the guide containing such information in a easily comprehensible form and manner as may reasonably be required by a person who wishes to exercise any right specified in the Act, within 18 months from the commencement of the Act.

Further, the State Government has to update and publish the guidelines at regular intervals which includes: -

- (i) the objects of the Act;
- (ii) postal and street addresses, the phone and fax numbers and if available electronic mail, address of the Public Information Officers of every Public Authority appointed under Section 5(1) of the Act;
- (iii) the manner and form in which request for access to information has to be made to the Public Information Officer;
- (iv) the assistance available from and the duties of the Public Information Officer under the Act;
- (v) the assistance available from the Information Commission;
- (vi) all remedies in law available regarding an act or Act of failure to act in respect of a right or duty conferred or imposed by the Act including the manner of filing an appeal to the Commission;
- (vii) the provisions providing for the voluntary disclosure of categories of records in accordance with Section 4 of the Act;
- (viii) any additional regulation or circulars made or issued in relation to obtaining access to a information in accordance with the Act;
- (ix) it is the mandate of the Act that the State Government must, if necessary, update and publish the guidelines at regular intervals.

**5.3** The Commission sought the information from the Director of Information and Publicity who is the Ex-officio Joint Secretary to the Government and Incharge of the implementation of the RTI Act on the steps taken by the Government on the above matters for implementing the provisions of the Act. However, the Commission is shocked to note that the Government has not taken any steps in the above directions as contained in Section 26 of the RTI Act. The Director has stated that financial assistance has been given to some NGOs without indicating their names and the amount of the financial assistance provided to them. The Director of Information and Publicity has not given even single programme which is conducted by the Government whereby the training has been provided to the Public

Information Officers and they have been provided with the necessary guidelines.

- 5.4** The Kare College of Law, Margao and Salgaoncar College of Law, Panaji had organized seminars on the RTI Act. Similarly, the Legal Aid Cell of Salgaocar College of Law has also held various camps in the villages regarding the awareness on the RTI Act. The Goa Institute of Rural Development Administration has conducted two training programmes for the PIOs wherein 67 officers were imparted training. In all the programmes, both Chief Information Commissioner and Information Commissioner participated and interacted with the officials, academicians, journalists and other citizens. However, it is regretted that nothing has been done from the Government's side to train their officers and for awareness programmes.

### **Power to make Rules**

- 5.5** The power to make Rules is vested with the State Government and the competent authorities under Section 27 and 28 of the RTI Act respectively. So far as the Government is concerned, the Rules under Sections 6(1), 19(10) and 16(6) of the Act have been framed. Even for the Rules framed under Section 16(6) of the Act, the Commission had provided the draft but the same was drastically changed by the Government without even consulting the Commission. The Director of Information and Publicity has not given any information on the steps taken by the Government to frame the other Rules under various provisions of the Act.
- 5.6** The Act also empowers the competent authorities which are defined in clause (b) of Section 2 of the Act to make Rules to carry out the provisions of this Act in respect of the matters provided in sub-section (2) of Section 28 of the Act. On a letter of enquiry, from the Commission the Governor's office has informed the Commission that they have adopted the rules framed by the Government of Goa. The High Court of Bombay, Panaji Bench informed that the matter is referred to Bombay. The District Court, North, informed that the rules made by the High Court for subordinate courts have not been gazetted in Goa and hence are not implemented yet. There is no response for the Legislature Department.

## **CHAPTER VI**

### **Public Authorities**

- 6.1** The word "Public Authority" is defined in Section 2(h) of the Act. As per the said definition, the Public Authority means any authority or body or

institution of self-Government, established or constituted by or under the Constitution of India or law made by Parliament, by law made by State Legislature or body owned, controlled or substantially financed or NGO substantially financed directly or indirectly by funds provided by the appropriate Government or any body or institution or authority notified by the Government in this regards. The Director of Information and Publicity was asked to indicate the number of Public Authorities in the State of Goa however, he has not indicated the number of Public Authorities falling within the purview of the RTI Act in the State of Goa.

- 6.2 Obligation of Public Authorities:** - It is obligatory on the part of the every Public Authority, to maintain all its records duly catalogued under clause (a) of Section 4(1). The Commission has no information on how many authorities have complied with this provision.
- 6.3 Suo moto disclosure:** - Clause (b) of sub-section (1) of Section 4 of the Act makes it mandatory on the part of every Public Authority to publish within 120 days from the enactment of the Act, 17 point manual as mentioned therein. The information was sought from the Director of Information and Publicity in a complaint filed before the Commission to furnish the list of Public Authorities who have complied with this provision of Section 4(1)(b) within the statutory period, the Director of Information and Publicity has filed the list of 103 Departments and 30 Semi-Government/autonomous bodies which according to him published the information. The said list does not include the Department of Information and Publicity itself which is implementing the RTI Act. The list as furnished by the Director of Information and Publicity is at Annexure V. In spite of the clear directions by the Commission, most of the Public Authorities have not complied with the provisions of Section 4 of the RTI Act. Some of the departments have placed this information on the website "<http://egov.goa.nic.in/rtipublic>". However, the Commission observed that the information is not on 17 point manual as prescribed in the Act but only on some of the points. Even this information is not available on one link but on as many links as the points on which the information is made available. This causes lot of inconvenience to the citizens who want to access the suo motto information of any department. This difficulty was brought to the notice of the National Informatics Centre (NIC) for corrective action. however, it is the responsibility of the departments concerned to take remedial action.

Had the provisions of Section 4 of the Act, which are of mandatory in nature, been complied by the Public Authorities, a lot of time and money

could have been saved as the citizens can obtain this information through the website/internet rather than seeking information by an application.

### **Designation of PIOs and APIOs**

- 6.4** Section 5 of the Act contemplates that every Public Authority shall, within 100 days from the enactment of the Act designate as many officers as PIOs in all administrative units or offices as may necessary to provide information to the persons requesting the same under the Act. The Commission had directed the Director of Information and Publicity to file the list of PIOs, APIOs and first Appellate Authorities. Though the list was filed, the Commission had observed a number of errors, repetitions and inconsistency in the said list and therefore, Director of Information and Publicity was directed to correct it and publish it in the form of booklet. In spite of the directions by the Commission in its order dated 23/8/2006, the Director of Information and Publicity did not comply with the directions of the Commission and again committed a number of mistakes. He has also not published the information regarding the designation of PIOs, APIOs and first Appellate Authority in the booklet form even though he has published it in the local newspapers by releasing advertisements. The information so published by the Director of Information and Publicity carry many mistakes which ultimately tends to mislead the citizens. The mistakes are pointed out in the Commissions order dated 23/08/2006 published on the website of the Commission.
- 6.5** As the Director of Information and Publicity has not prepared the list of the Public Authorities falling under RTI Act, it is not possible to know exactly as to how many Public Authorities have not designated their PIOs and first Appellate Authority. The main and important functionaries under the RTI Act are the PIOs. The PIO plays a significant role under the Act. The PIO acts as a facilitator of the citizens in securing the information. The duty is cast on the PIO to provide the information to the citizens within the time limit specified in the Act failing which the PIO is subject to imposition of penalty and disciplinary action. Therefore, the PIO has to act immediately as soon as the application is received by the PIO. The whole responsibility of providing the information is that of PIO. However, as and when the PIO seeks assistance from any other officer, that officer becomes the PIO for the purpose of any contravention of the provisions of the Act. As per the information furnished by the Director of Information and Publicity, 180 authorities have designated their PIOs.
- 6.6** **APIOs:** - The Act also provides for designation of APIOs at sub district level to facilitate the citizens to deliver their request nearest to their places.

The role of the APIO is limited to receive the application for request and appeals meant for the first Appellate Authority and the Commission and forward the same to the concerned authorities forthwith. This is a facility provided to the citizens so that they need not travel upto the offices of the PIO as the APIO's office is located nearby. However, the Commission observed that even in the head offices where PIO is appointed, an APIO is appointed in the same office often located in the same building. This defeats the purpose of the Act as the disposal of the application is delayed further by 5 days. Further, some of the Departments have built a hierarchy in the system by insisting that the applications have to be handed over only to APIOs. No doubt there are aberrations owing to lack of training and awareness to the PIOs. The Commission has pointed out the role of APIOs in its various orders dated 19/10/2006 in Appeals No. 9 & 10 /2006 etc.

## **CHAPTER VII**

### **Disposal of application by PIOs**

**7.1** During the period under report, the various PIOs in the State of Goa received 3637 applications, granted 3318 applications and rejected the remaining applications, the details of which are given in Annexure V. the Departments were given ample time to compile the information and to send to the Commission. However, the information is not supplied by all the Departments and hence, it is incomplete. A perusal of the statement reveals that maximum requests were received by the Panchayats Department and minimum by the Information Technology Department. The maximum rejections are by the Town & Country Planning Department while 18 Departments reported nil rejections. An amount of Rs.45,926/- is received from the citizens towards cost of providing information.

Some of the Departments which have not supplied the complete information are as follows: -

- (i) The Department of Higher Education controls all colleges both the Government and private aided which are quite a few in numbers. However, no information was submitted in respect of any such institutions.
- (ii) The Department of School Education controls all primary, secondary and higher secondary schools both Government and aided. However, no information was provided to the Commission in time.

- (iii) The information has been received directly from some institutions such as Government Engineering College, Government Polytechnic, Pharmacy College etc., instead of from the Directorate of Technical Education. No information has given from the Directorate of Technical Education and some of the aided technical colleges.
- (iv) The Police department did not sent its information on time.

### **Disposal of Appeals by First Appellate Authorities**

**7.2** Section 19(1) of the Act provides for appointing a senior officer in the Department as first Appellate Authority. The various first Appellate Authorities in the State of Goa received 258 appeals against the rejection of request by the PIO or deemed refusal and disposed off 239 appeals, the details of which are shown in Annexure V. The details of the number of requests received, disposed off and rejected, fees collected, appeals preferred to the first Appellate Authority in respect of various Public Authorities as received by the Commission is given in the Annexure VI.

**7.3 General:** - In all, 3877 requests were received by various Public Information Officers in State of Goa as per the information received by the Commission out of which only, 479 were rejected or deemed to have been rejected which is 12% of the total applications received by the Public Information Officers. 6% filed the first appeal before the first Appellate Authority. 172 appeals and complaints were filed before the Commission which is 4% of the total applications received by all the Public Information Officers. Therefore, by and large, the Public Information Officers have provided the information to the citizens. However, training is a must for the Public Information Officers and awareness campaign has to be carried out so that the citizens can make use of the Act in the proper prospective. Where, the PIOs did not supply information, initially, they did so on the intervention of the Commission by its orders.

## **CHAPTER VIII**

### **Observations, suggestions and recommendations of the Commission**

**8.1 Observations:** - Most of the Public Authorities have not complied with the mandatory provision of Section 4(1)(b) of compiling and publishing the information on 17 points manuals. The Commission in its order dated 26/6/2006 passed in complaint No. 1/2006 had directed the Director of Information and Publicity and Ex-officio Joint Secretary to the Government

to prepare the list of PIOs, APIOs and first Appellate Authorities within one month as per the proforma specified therein. The Commission had also directed the Director of Information and Publicity to submit the list of the Public Authorities which have compiled and displayed the detailed information as required by Section 4(1)(b) of the Act and also the list of the Public Authorities which did not publish the information within the statutory period. The Commission continues to monitor the progress made by the Public Authorities and in subsequent order dated 23/8/2006 issued the following directions under Section 19(8) and 18(3)(c) :-

1. The public authorities which have not yet designated APIOs, PIOs and not yet appointed first Appellate Authority shall do so within 2 weeks from the date of the receipt of the order and send the copies of the notification to Director of Information and Publicity.
2. The Director of Information and Publicity shall get the information verified as already published in the Official Gazette and make the corrections wherever necessary within 2 weeks and re-notify the information in the form of a booklet.
3. The public authorities which are not yet compiled or displayed the details as required by Section 4(1)(b) of the Act shall do so within a month and send the copy of the compliance to the Director of Information and Publicity.
4. Wherever more than one PIO and APIO are appointed, their jurisdiction be clearly specified within 2 weeks from the date of the receipt of the order.
5. Wherever the Junior Officer or Officer with equivalent rank are appointed as first Appellate Authority in their places Senior Officer be appointed as first Appellate Authority.
6. The Director of Information and Publicity should ensure that the directory in a comprehensive booklet form consisting of two parts namely the first part regarding the APIOs/PIOs/Appellate Authority and second part 17 points manuals published by the public authorities with a proper table of contents with page numbers.
7. The Director of Information and Publicity was asked to send a copy of the order to all the public authorities for compliance. The Director of Information and Publicity was also directed to file an action taken report in the form of affidavit on 29/9/2006.

A copy of the order was also sent to the Chief Secretary/Secretary (Information and Publicity), Secretariat, Porvorim for information and appropriate action.

- 8.2** The Commission also observed that the Director of Information and Publicity provided incomplete, contradictory, inconsistent and incorrect information to the Commission in the said case.
- 8.3** Some of the first Appellate Authorities were transferring the appeals to their subordinates and the PIOs were transferring the applications to their subordinates for disposals of the request of the citizens. The Commission had observed that neither the first Appellate Authority nor the PIO has power to delegate their powers to the other authorities. It was also observed that the citizens were made to run from pillar to post so far as the payment of application fees are concerned. The general complaints were received stating that the cash was not accepted on one pretext or the other. The Commission requested the Government to issue instructions to all the Public Authorities and the PIOs to accept the application fee in the mode provided in the Rules and the option of payment of fees is given to the citizens and not to the authorities.
- 8.4** **Suggestions:** - The Commission on getting the complaints from the citizens requested the Government vide letter dated 17/7/2006 to immediately amend Rule 3 of the Goa Right to Information (Regulation of fees and cost) Rules, 2006 providing therein to pay the application fee in the form of court fees to facilitate the citizens. Subsequently by letter dated 9/11/2006, the Commission forwarded even the draft notification amending the relevant Rules of aforesaid Rules. However, till this date nothing has been heard from the Government regarding the said amendment as result of which the Commission continues to get complaints stating that the citizens are harassed on account of the non acceptance of the application fee of Rs.10/- by some of the PIOs.
- 8.5** **Recommendations:** -
- (i) The State Government shall draw a programme of training to all the PIOs and complete the training programme to all the PIOs within a period of 6 months.
  - (ii) To direct all the Public Authorities to compile and publish on the website the particulars of the Departments/ organization as required by Section 4(1)(b) of the RTI Act within 3 months.
  - (iii) The government shall develop an organized educational programme to advance the understanding of the public, in particular

all disadvantaged communities as how to exercise rights contemplated under the Act within a period of 3 months as required by clause (a) of sub-section (1) of Section 26 of the Act.

- (iv) To encourage the Public Authorities to participate in the development and organization of programmes referred in clause (a) of Section 26(1) of the Act.
- (v) To undertake such programmes under Section 26(1)(b) within 3 months.
- (vi) To promote timely and effective dissemination to accurate information by Public Authorities about their activities as required by sub-section (4) of Section 4 of the Act within a period of 3 months.
- (vii) To issue directions to all the Public Authorities to maintain all the records duly catalogued and indexed in a manner and the form which facilitates the right to information and ensure that all records that are appropriate to be computerized are, within a reasonable time and subject to availability of resources computerized and connected to the network all over the country on different system so that access to such records is facilitated (Section 4(1)(a)).
- (viii) To publish in the booklet form all the information of the Public Authorities as required by Section 4(1)(b) of the Act within a period of 3 months.
- (ix) To publish in the booklet form the list of all Public Authorities with their addresses, telephone numbers, fax, e-mails etc. within a period of 3 months.
- (x) To print out in the booklet form the names, postal address, phones and fax numbers, e-mail address of all the Public Information Officers within a period of 3 months as required by clause (b) of sub-section (3) of Section 26 of the Act.
- (xi) To provide training materials to the PIOs to enable them to discharge their functions under the Act effectively.
- (xii) To give directions to all the Public Authorities to update and publish the information from time to time as required by Section 4(1)(b) of the Act.
- (xiii) To prescribe the procedure and the form in which the request for access to information shall be made to the PIO within a period of 3 months as required by clause (c) of sub-section (3) of Section 26 of the Act.
- (xiv) To frame the remaining Rules as are required under the various provisions of the Act, within a period of 3 months.

- (xv) The competent authorities to frame their Rules within a period of 3 months as required by Section 28 of the Act wherever such Rules are not made.
- (xvi) To encourage and assist the NGOs to conduct the awareness campaign about the RTI Act amongst the rural people.
- (xvii) To include the post of the Secretary to the Information Commission in the list of the Heads of the Department in Annexure II appended to the Goa Delegation of Financial Power Rules, 1997.

## **CHAPTER IX**

### **Competent Authorities**

- 9.1** This report does not include the data pertaining to the Hon'ble High Court of Bombay, Goa Bench and also the subordinates Courts. The Commission has been informed that the matter has been referred to the Hon'ble High Court of Bombay.

## **CHAPTER X**

### **Acknowledgement**

- 10.1** The Commission would like to place on its record its sincere gratitude's and thanks to the various Departments, agencies and organization as well as the Public Information Officers, first Appellate Authorities, Government Counsel and Advocates for rendering their valuable assistance in deciding complaints and appeals by the Commission.
- 10.2** The Commission would also like to thank the Chief Secretary who has taken the personal interest in settling the terms and conditions of the services of the Chief Information Commissioner and State Information Commissioner. The Commission also would like to thanks Shri Diwanchand, Special Secretary (Information and Publicity) for attending two meetings with the Commission in order to sort out some grave problems faced by the Commission. The Commission also thanks to General Administration Department for providing the vehicles to Chief Information Commissioner as well as to the Information Commissioner almost for the period almost for the period of one year and Department of Personnel for providing the services from PETS employee.

**ANNEXURE – I****STATEMENT SHOWING IMPORTANT DECISIONS OF THE COMMISSION**

1. Public Authority: Section 2(h) of the RTI Act.

Case No. Appeal 5/2006/NIE

Dr. G. C. Pradhan Vs. Nirmala Institute of Education.

Case No. Complaint 17A/2006/MAM-PONDA

Guiri Raikar Vs. PIO, Mamlatdar, Ponda.

Ratio of these 2 cases is that the inclusive definition of Public Authority is independent of main definition and hence no notification need be issued by the appropriate Government if any of the criteria laid down under sub-clauses (d) (i) and (ii) of Clause (h) of Section 2 of the Act are satisfied.

All criteria are independent of each other like ownership, control or substantial financing of an institution by the appropriate Government.

2. Deemed PIO

Section 5(5) – An office whose assistance is sought by the PIO under Section 5(4) and who does not cooperate with the PIO is liable for penalty as if he is the PIO.

Case No. Com 41/2006/Coop.

Bismark Facho Vs. Secretary, Sainik Cooperative Society.

Case No. Appl 59/2006/POL.

Samiro Pereira Vs. Suptd. of Police, Margao.

3. Application form of request : Section 6(1) – The Goa Government has not prescribed any form of application to make a request for information under Section 6(1) or 7(1) or 7(5). One PIO who refused the information because the request is not made in the prescribe form was punished by the Goa Commission.

Case No. Comp 31/2006/ADT

Edwin Martins Vs. ADT, Margao.

4. Free information :- Section 7(6) – The information to be provided free of cost after 30 days is only in respect of information sought under Section 7(5) and not under 7(1).

Case No. Appl 23/2006/DIM

Sushant Naik Vs. Director of Mines.

5. Refusal of information to an accused person:- Section 8(1)(h) – An accused has got the same rights as a citizen and information cannot be denied only because the accused will get copies of all documents at the time of filing chargesheet or during recording of evidence as long as it does not obstruct neither the investigation or the prosecution in a court of law.

Case No. Appl 1/2006/FDA

Vijaykumar Ghale Vs. PIO of FDA.

6. Giving a copy of ACR of a Government servant. Section 8(1)(d) or (j). ACR of a Government servant is neither a commercial or trade secrets nor it is a personal information provided to the public authority. It is annual performance report of an employee assessed by the Government or public authority behind his back. It cannot be kept as confidential document. Section 8(2) also cannot come to the rescue of the public authority to deny access of a Government servant to his own ACRs. However, other citizens cannot obtain the ACRs of the public servants.

Case No. Appl 83/2006/WRD

V.U.P. Gaitonde Vs. PIO WRD.

7. 20 Rule :- Section 8(3) : The public authority can refuse information if it is covered by any of the exemptions mentioned at Section 8. However, if the information is older than 20 years, it has to be given except in a few cases.

Case No. Com 41/2006/RCS

Bismark Facho Vs. Sainik Cooperative Society

8. Second Appeal – Section 19(3) – A citizen aggrieved of the decision of the first Appellate Authority under Section 19(1) can approach the State or Central Commission under Section 19(3). However, the PIO does not have this right.

Case No. Appl 7/2005/Sectt.

Under Secretary (Revenue) Vs. Joint Secretary (GA).

9. It has been held that the first Appellate Authority nor the Public Information Officer can delegate their powers to their subordinates under the Act.

Case No. Appeal 9 & 10/2006/Police.
